

**Community
Foundation**
for Surrey

Together we can

YOUR SUPPORT HAS NEVER BEEN MORE NEEDED

It is vital we come together to help vulnerable local residents through the next stage of this unprecedented crisis

A recent report released by the **National Emergencies Trust (NET)** states that **1 in 8 people** living in the UK expect to seek support from a charity or voluntary body in the next 12 months, as a direct result of Covid-19. For more than half (61%) of these people, it will be the first time they have ever sought charitable support. These figures are set to rise.

The Community Foundation for Surrey remains committed to supporting **local frontline charities and community groups providing vital services** through the crisis and beyond.

We are urgently appealing for donations to meet the **£931,000** of unmet need that our depleted **Surrey Coronavirus Response Fund** leaves us currently unable to support.

We know that if we do not meet this funding gap, in Surrey at least:

100,000 people face poverty due to loss of income or lack of food provision

84,000 people with disabilities
cannot access services to meet their complex, unique needs

56,000 children and young people remain unsupported
with their health, mental health or education and learning needs

Please make a donation today

to support our county's most vulnerable people at this critical time.

Together we can

provide the help that is urgently needed – and bring hope to the lives of local people.
